2017-18

Activity Name: School Based Health Awareness Program on Dengue Prevention

Date: 9.11.2017

Venue: Velammal Vidhyalaya CBSE School

Organised by: Community Medicine Dept., VMCH & RI

No. of students participated: 49

Faculties participated: Dr. Samir, Dr. Trupti, Dr. Deiveegan

Description: As a part of Dengue awareness activity which is being conducted on every Thursday, on 9th November 2017 it was observed at Velammal Vidhyalaya CBSE School by imparting health education to VIII Standard students. Around 237 children, 4 Class Teachers were assembled in the seminar hall at 10.00 AM. Dr. Trupti Bodhare, Professor and Dr Saranya, Assistant Professor from Department of Community Medicine, Velammal Medical College and Research Institute, delivered the Health Education. The method of communication used was power point presentation followed by few video clips showing the potential breeding sites, modes of transmission, symptoms, warning signs and prevention of Dengue infection. It was an interactive session with the students. Sensitization of School Principal regarding campus cleanliness and mosquito control measures was done.

Title of the program: Visit To Orphanage

Date:19.08.17 & 16.09.2017

Place: Bethany Children's Home

Report: During the academic year of 2017-18, the Department of Community Medicine in collaboration with the Bethany Children's Home organized visits to the Orphanage for 2nd year MBBS students. The batch of 2015-16 students visited in groups of 20 - 30 students. A total of 48 students visited in 2 groups between August & September of 2017. Each of these visiting groups was accompanied by a faculty member of the department.

The visits helped the students understand the importance of Orphanages in society. The students were able to interact with the children living there and identify the social factors that led them there. The difficulties these children faced were talked about. In addition, the children were given personal advice on Cleanliness & Hygiene.

Title of the program: Visit to Old Age Home

Date: 21.08.2017 & 15.09.17

Place: Inba Illam, Pasumalai

Report: The Department of Community Medicine in collaboration with the Inba Illam organized visits to the old age Home for 2nd year MBBS students. The batch of 2015-16 students visited the old age home at Pasumalai in groups of 20 - 30 students during the academic Year of 2017-18. A total of 54 students visited in 2 groups between August & September of 2017. Each of these visiting groups was accompanied by a faculty member of the department.

The visits helped the students understand the importance of the Old age home in society. The students were able to interact with the elderly living there and identify the social factors that led them to choose life at that home. The difficulties these people face were talked about. In addition, the simple medical needs of the elderly were met, and medical advice was given to the elderly depending on their ailments.

Title of the program: AAVIN Dairy Visit

Dates: 22.08.2017, 14.09.17

Place: AAVIN Dairy, Sathamangalam

Report: The department of Community medicine in collaboration with Aavin organized visits to the Dairy Processing Plant for 2nd year MBBS students. During the academic year of 2017-18, the batch of 2015-16 students visited the Aavin Dairy at Sathamangalam (Anna Nagar) in groups of 20 - 30 students. A total of 54 students from 2015-16 batch in 2 groups visited on different days from August to September 2017, and each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students understand the series of process that a milk can undergoes from procurement to the final packing of various milk products. Each individual process was explained in detail, particularly the various quality control test that the milk from each container is subjected to. The students were also able observe the process of pasteurization. The importance of hygiene across all processes and the steps taken to ensure this was explained, particularly the automation of the whole series of processes.

Title of the program: Visit To Slaughterhouse

Date:19.02.2018, 20.03.2018 & 21.4.2018

Place: Slaughterhouse, Nelpettai.

Report: The department of Community medicine in collaboration with Corporation of Madurai organized visits to the Slaughterhouse for 2nd year MBBS students. During the academic year of 2017-18, the batch of 2016-17 students visited the Slaughterhouse in Nelpettai in groups of 30 - 40 students. A total of 96 students from 2016-17 batch in 3 groups visited on different days from February to April 2018, and each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students introduced the practical aspects of meat hygiene. Slaughterhouses are places where animals are killed for consumption of their meat. These places should follow strict rules laid down by the public health personal. The structure used as slaughterhouse must be built with various specification for floor, walls, water supply, drainage etc. All animals brought for slaughter is examined for diseases and only health animals are allowed entry. After the slaughter the meat is examined for disease and only those that are cleared can get the approval seal. Meat with this seal should only sold for consumption. The functions of the slaughterhouse was explained in detail to the students.

Title of the program: Anganwadi Visit

Dates: 13.02.2018, 16.04.2018 & 07.05.2018

Place: Viraganoor

Report: The department of Community medicine in collaboration with the Project Office, ICDS organized visits to the Anganwadi centre for 2nd year MBBS students. The batch of 2016 -17 students visited the Anganwadi centre in groups of 30 - 40 students. Each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students understand the importance of Integrated Child Development Scheme (ICDS) and the role that Anganwadi's play in the development of children particularly in Rural areas and Urban slums. Students were able to interact with the staffs at the centre and the children who attend the Anganwadi. The various services provided at the centre was explained by the Anganwadi staff. Services include supplementary nutrition, Immunization, Health Checkup growth monitoring & non formal preschool education to the children below 6 years of age. In addition, certain services are provided to pregnant women, nursing mothers & teenage girls.

Title of the program: Visit To Solid Waste Management

Date: 12.2.2018, 12.3.2018, 18.4.2018 & 5.5.2018

Place: Dumping ground, Vellaikal

Report: The department of Community medicine in collaboration with Corporation of Madurai organized visits to the Solid waste management area for 2nd year MBBS students. During the academic year of 2017-18, the batch of 2016-17 students visited the Dumping ground, Vellaikal in groups of 30 - 40 students. A total of 128 students from 2016-17 batch in 4 groups visited on different days from February to May 2018, and each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students introduced the quantum of solid waste generated by the city's population. The students were able to observe the process of sorting the waste into recyclable and non-recyclable waste. Then recyclable was sent outside and the non-recyclable waste is subjected to further processes. It involves filtering through a series of filters with progressive smaller sizes and biodegradation by a special mixture based on bagasse that promote bacterial degradation. The filtered-out part is sent to nearby landfill while the biodegraded waste comes out as fertilizer.

Title of the program: Visit To Drug Warehouse

Date: 24.02.2018, 20.03.2018, 11.4.2018 & 30.05.2018

Place: Collectorate Campus, Madurai.

Report: The department of Community medicine in collaboration with Office of the Deputy Director of Health Services, Madurai organized visits to the District drug warehouse for 2nd year MBBS students. During the academic year of 2017-18, the batch of 2016-17 students visited the District drug warehouse at the collectorate campus, Madurai in groups of 30 - 40 students. A total of 135 students from 2016-17 batch in 4 groups visited on different days from February to May 2018, and each of these visiting group was accompanied by a faculty member of the department.

The visits helped the students the functions of the Tamil Nadu Medical Services Corporation (TNMSC) which procures, stores and supplies drugs and other equipment to public health facilities across the state. For this purpose, the corporation maintains warehouses at the district level. The warehouse for Madurai district services all medical facilities in the district including the Madurai medical college. Drugs & other medications reach the warehouse in lots depending on the tender issued by the government. Each health facility indents their requirement to the department and on approval given a specific time to collect the approved amount from the warehouse. The warehouse stores the various drugs in different racks based on a specific system. FEFO principle is followed for storing the drugs. The students were allowed to go around the warehouse and examine the drugs stored and also to ask the personnel their doubts regarding the workings of the warehouse.

Title of the program: Visit To Entomology Research Centre

Date: 23.02.2018 & 23.3.2018

Place: ICMR – Centre of Research in Medical Entomology, Madurai

Report: The department of Community medicine in collaboration with the Centre of Research in Medical Entomology, Madurai organized visits to the Entomology Research Centre for 2nd year MBBS students. The batch of 2016 -17 students visited the centre in groups of 30 - 40 students. Each of this visiting group was accompanied by a faculty member of the department. A total of 65 students from 2016-17 batch in 2 groups visited on different days from February & March of 2018, and each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students understand the importance of Vectors in transmitting various diseases. The methods of collection of insects were demonstrated to the students. They were also taught to identify various insects of public health importance particularly the identification of different types of mosquitos. The were also briefed on the various research activities taking place in the centre.

Title of the program: Visit To Borstal School

Dates: 26.02.2018, 8.3.2018

Place: Borstal home, Melur

Report: The department of Community medicine in collaboration with the Central prison, Madurai, organized visits to the Borstal school at Melur for 2nd year MBBS students. The batch of 2016 -17 students visited the Borstal in groups of 30 - 40 students. A total of 74 students in two batches were involved & each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students understand the role of Borstal in the society. They were able to interact with the Juvenile Deliquents and able identify the social problems & behaviors that led to delinquency. The health problems commonly faced by these children were also identified.

Title of the program: Visit To Public Health Laboratory

Date:21.02.2018, 21.03.2018, 10.04.2018 & 29.05.2018

Place: Excellence Laboratory, S.S Colony, Madurai

Report: The department of Community medicine in collaboration with Excellence Laboratory, organized visits to the public health laboratory run by them for 2nd year MBBS students. The batch of 2016-17 students visited the Laboratory at S.S colony in groups of 30 - 40 students. A total of 96 students from 2016-17 batch in 4 groups visited on different days from February to May 2018, and each of these visiting groups was accompanied by a faculty member of the department.

The visits included visit to 5 sections: microbiology, wet, trace elements, heavy metals & soil sections. Students were taken to each of these sections and the various instruments used and the process involved were explained in detail. The process of collection of samples from various sources was also explained. The visit helped the students understand the various checks & balances in place to control pollution in its various forms from different sources including industries.

Activity Name: General Health Check-up Camp

Date: 9.9.2018

Venue: Chinnakatta

No. of students participated: 20

Faculty participated: Dr. Jansi Banu

Description:

Program was organized with an objective of educating senior citizens above 60 years of age and the younger generation who has to take care of elderly. The common diseases that affect elderly, requirement of above 60 age persons- Diet, Rest, Sleep, Security, Love and Affection was explained. Geriatric people are affected by different group of diseases than other group of individuals. They are affected more by degenerative disorders and complications of chronic diseases than acute diseases. Special reference to palliative care was explained. After the question-and-answer session general health check up all senior citizens present in the program was conducted and free medicines distributed.

Title of the program: Visit To Places of Public Health Importance (Water & Sanitation)

Visit	Dates	Place
Water Treatment plant	1.11.2018, 1.12.2018 & 1.2.2019	Water Treatment plant, Manaloor
Sewage treatment plant	26.11.2018 & 6.2.2019	STP, Avanniyapuram
Solid waste management	26.12.2018 & 7.2.2019	Dumping ground, Vellaikal

Report: The department of Community medicine in collaboration with Corporation of Madurai organized visits to places of public health importance related to Water & Sanitation for 2nd year MBBS students. These include the water treatment plant at Manaloor, the Sewage treatment plant at Avaniyapuram, and the Solid waste management area at Vellaikal. During the academic year of 2018-19, the batch of 2017-18 students visited these three places in groups of 30 - 40 students. A total of 128 students visited on different days from November 2018 to February 2019, and each of these visiting groups was accompanied by a faculty member of the department. The visits introduced the students to processes involved in ensuring clean water and better waste management in the city.

Visit to the water treatment plant at Manaloor involved the collection was water from the Vaigai river floor and purification water through various processes like filtration, aeration, Chlorination etc., before being pumped out for public distribution.

Visit to the Sewage treatment plant at Avaniyapuram, gave the students an opportunity to observe the process by which Sewage that contains harmful material is made harmless before being sent out for irrigation. It involves both primary treatment & secondary treatment followed by chlorination.

During the visit to the solid waste management unit, the students were able to observe the process of sorting the waste into recyclable and non-recyclable

Title of the program: Visit To Public Health Laboratory

Date: 02.11.2018, 3.12.2018, 10.1.2019, 1.2.2019

Place: Excellence Laboratory, S.S Colony, Madurai

Report: The Department of Community Medicine in collaboration with Excellence Laboratory, organized visits to the public health laboratory run by them for 2nd year MBBS students during the academic year of 2018-19. The batch of 2017-18 students visited the Laboratory at S.S. colony in groups of 30 - 40 students. A total of 134 students in 4 groups visited on different days from November 201 to February 2019, and each of these visiting groups was accompanied by a faculty member of the department.

The visits included visit to 5 sections: microbiology, wet, trace elements, heavy metals & soil sections. Students were taken to each of these sections and the various instruments used and the process involved were explained in detail. The process of collection of samples from various sources was also explained. The visit helped the students understand the various checks & balances in place to control pollution in its various forms from different sources including industries.

Title of the program: Visit to Drug Warehouse & Regional Vaccine Store

Date: 28.11.2018, 21.12.2018, 24.01.2019

Place: Collectorate Campus, Madurai.

Report: The Department of Community Medicine in collaboration with the Office of the Deputy Director of Health Services, Madurai organized visits to the District drug warehouse & the regional vaccine store for 2nd year MBBS students. During the academic year of 2018-19, the batch of 2017-18 students visited the collectorate campus, Madurai in groups of 30 - 40 students. A total of 92 students in 3 groups visited on different days from November 2018 to January 2019, and each of these visiting groups was accompanied by a faculty member of the department.

The visits helped the students the functions of the Tamil Nadu Medical Services Corporation (TNMSC) which procures, stores and supplies drugs and other equipment to public health facilities across the state. For this purpose, the corporation maintains warehouses at the district level. The warehouse for Madurai district services all medical facilities in the district including the Madurai medical college. The warehouse stores the various drugs in different racks based on a specific system. FEFO principle is followed for storing the drugs. The students were allowed to go around the warehouse and examine the drugs stored and also to ask the warehouse staff, their doubts regarding the workings of the warehouse.

The Regional Vaccine Store does the same function when it comes to vaccines and the coverage is larger (multiple districts in south Tamil Nadu). There are walk-in coolers & walk-in freezers for storing vaccines at various temperatures. These forms an integral part of the cold chain system

Title of the Program: AAVIN Dairy Visit

Dates: 04.05.2019, 25.06.2019, 31.07.2019

Place: AAVIN Dairy, Sathamangalam

Report: The department of Community medicine in collaboration with Aavin organized visits to the Dairy Processing Plant for 2nd year MBBS students. During the academic year of 2018-19, the batch of 2017-18 students visited the Aavin Dairy at Sathamangalam (Anna Nagar) in groups of 30 - 40 students. A total of 104 students in 3 groups visited on different days from May to July 2019, and each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students understand the series of process that a milk can undergoes from procurement to the final packing of various milk products. Each individual process was explained in detail, particularly the various quality control test that the milk from each container is subjected to. The students were also able observe the process of pasteurization. The importance of hygiene across all processes and the steps taken to ensure this was explained, particularly the automation of the whole series of processes.

Title of the Program: Visit to Old Age Home

Date:08.05.2019 & 22.6.2019

Place: Inba Illam, Pasumalai

Report: The Department of Community Medicine in collaboration with the Inba Illam organized visits to the old age Home for 2nd year MBBS students. The batch of 2017-18 students visited the old age home at Pasumalai in groups of 30 - 40 students. A total of 67 students visited in 2 groups between May & June of 2019. Each of these visiting groups was accompanied by a faculty member of the department.

The visits helped the students understand the importance of the Old age home in society. The students were able to interact with the elderly living there and identify the social factors that led them to choose life at that home. The difficulties these people face were talked about. In addition, the simple medical needs of the elderly were met, and medical advice was given to the elderly depending on their ailments.

Title of the program: Visit To Anganwadi Visit

Dates: 26.04.2019, 06.06.2019, 24.6.2019, 29.7.2019

Place: Viraganoor

Report: The department of Community medicine in collaboration with the Project Office, ICDS organized visits to the Anganwadi centre for 2nd year MBBS students. The batch of 2017-18 students visited the Anganwadi centre in groups of 30 - 40 students. A total of 135 students visited in 4 groups between May to July of 2019. Each of this visiting group was accompanied by a faculty member of the department.

The visits helped the students understand the importance of the Integrated Child Development Scheme (ICDS) and the role that Anganwadi's play in the development of children, particularly in Rural areas and Urban slums. Students were able to interact with the staffs at the centre and the children who attend the Anganwadi. The various services provided at the centre were explained by the Anganwadi staff. Services include supplementary nutrition, Immunization, Health Checkup growth monitoring & non-formal preschool education to children below 6 years of age. In addition, certain services are provided to pregnant women, nursing mothers & teenage girls.

Title of the program: Visit To School For The Mentally Challenged

Date:26.06.2019 & 30.7.2019

Place: Inba Illam, Pasumalai

Report: The Department of Community Medicine in collaboration with YMCA organized visits to the old age Home for 2nd year MBBS students. The batch of 2017-18 students visited the school for the mentally challenged at Ellis Nagar in groups of 30 - 40 students. A total of 69 students visited in 2 groups between June & July of 2019. Each of these visiting groups was accompanied by a faculty member of the department.

The students were briefed on the school's activities, the challenges they faced, and the innovative ways in which they try to handle these problems. The challenges faced by mentally challenged children and the special care and attention they require in order to be part of society were explained. The students had an opportunity to observe the activities of the children in the school and also to interact with them.

Leprosy Health Awareness program at Alanganallur Church on 4th August 2022

Department of Community Medicine, VMCH & RI, Madurai along with Madurai Health and Leprosy Relief Centre Mahelerecen conducted health education program for leprosy patients at Alanganallur church on 4th August 2022. Around 30 medical students who are persuing their 2nd year MBBS along with Dr. Vasumathi was involved in the program. Leprosy causes life lasting nerve damage & patients (both under treatment & cured) are at risk of damage to their limbs & eyes. Therefore, this program focusing on Self-care practices for Leprosy patients was organised. The program was organised at church at Alanganallur & around 25 patients with active disease attended the program.

The program started with introductory speech on leprosy by Dr Vasumathi, then MBBS student Miss Aksara & Ajay Bharath spoke about eye care in leprosy. They displayed charts and spoke about how leprosy affect eyes & what are the ways to prevent it. They taught simple eye exercises like blinking eyes frequently to prevent dryness and asked the patients to repeat it. Mr Abhisek and Balaji spoke about the hand care in leprosy. They advised patients to use cloth/gloves while picking up a hot pan, inspect their hands regularly for any wounds, soaking & oiling of hands to avoid dry and cracking skin. They taught patients stretching exercises to prevent stiffness & contractures, asked the patients to repeat it.

Then students Miss Blessy & Miss Balavarshiny spoke about foot care in leprosy. They asked the patients to inspect their feet regularly for redness, warmth, swelling or any wounds & taught patients simple stretching exercises. Then Dr Vasumathi spoke about the cause of leprosy, deformities caused by it and treatments available for leprosy. This was followed by question answer session. Patients were encouraged to open up and ask their queries regarding the disease and their questions were sorted out. The program was concluded with vote of thanks by church paster.

Title of the program: Visit To Public Health Laboratory

Date: 27.11.2019, 6.2.2020

Place: Excellence Laboratory, S.S Colony, Madurai

Report: The Department of Community Medicine in collaboration with Excellence Laboratory, organized visits to the public health laboratory run by them for 2nd year MBBS students during the academic year of 2019-20. The batch of 2018-19 students visited the Laboratory at S.S. colony in groups of 30 - 40 students. A total of 74 students in 2 groups visited on different days from November 2019 & February 2020, and each of these visiting groups was accompanied by a faculty member of the department.

The visits included visit to 5 sections: microbiology, wet, trace elements, heavy metals & soil sections. Students were taken to each of these sections and the various instruments used and the process involved were explained in detail. The process of collection of samples from various sources was also explained. The visit helped the students understand the various checks & balances in place to control pollution in its various forms from different sources including industries.

Title of the program: Visit To Drug Warehouse & Regional Vaccine Store

Date: 21.10.2019 & 28.1.2020

Place: Collectorate Campus, Madurai.

Report: The Department of Community Medicine in collaboration with the Office of the Deputy Director of Health Services, Madurai organized visits to the District drug warehouse & the regional vaccine store for 2nd year MBBS students. During the academic year of 2019-20, the batch of 2018-19 students visited the collectorate campus, Madurai in groups of 30 - 40 students. A total of 73 students in 2 groups visited on different days in October 2019 & January 2020, and each of these visiting groups was accompanied by a faculty member of the department.

The visits helped the students the functions of the Tamil Nadu Medical Services Corporation (TNMSC) which procures, stores and supplies drugs and other equipment to public health facilities across the state. For this purpose, the corporation maintains warehouses at the district level. The warehouse for Madurai district services all medical facilities in the district including the Madurai medical college. The warehouse stores the various drugs in different racks based on a specific system. FEFO principle is followed for storing the drugs. The students were allowed to go around the warehouse and examine the drugs stored and also to ask the warehouse staff, their doubts regarding the workings of the warehouse.

The Regional Vaccine Store does the same function when it comes to vaccines and the coverage is larger (multiple districts in south Tamil Nadu). There are walk-in coolers & walk-in freezers for storing vaccines at various temperatures. These forms an integral part of the cold chain system

Title of the program: Visit To Places of Public Health Importance (Water & Sanitation)

Visit	Dates	Place
Water Treatment plant	30.01.2020	Water Treatment plant, Manaloor
Sewage treatment plant	03.02.2020	STP, Avanniyapuram
Solid waste management	04.02.2020	Dumping ground, Vellaikal

Report: The department of Community medicine in collaboration with Corporation of Madurai organized visits to places of public health importance related to Water & Sanitation for 2nd year MBBS students. These include the water treatment plant at Manaloor, the Sewage treatment plant at Avaniyapuram, and the Solid waste management area at Vellaikal. During the academic year of 2019-20, 38 students from the batch of 2018-19 visited these three places in groups of 30 - 40 students in the months of January & February 2020, and each of these visiting groups was accompanied by a faculty member of the department. The visits introduced the students to processes involved in ensuring clean water and better waste management in the city.

Visit to the water treatment plant at Manaloor involved the collection was water from the Vaigai river floor and purification water through various processes like filtration, aeration, Chlorination etc., before being pumped out for public distribution.

Visit to the Sewage treatment plant at Avaniyapuram, gave the students an opportunity to observe the process by which Sewage that contains harmful material is made harmless before being sent out for irrigation. It involves both primary treatment & secondary treatment followed by chlorination.

During the visit to the solid waste management unit, the students were able to observe the process of sorting the waste into recyclable and non-recyclable waste. The non-recyclable waste is subjected to further processes. It involves filtering through a series of filters with progressively smaller sizes and biodegraded in between. The filtered-out part is sent to a nearby landfill while the biodegraded waste comes out as fertilizer.

The main objective of this programme was to create awareness regarding exclusive breastfeeding for first 6 months and complementary feeding till 2 years for antenatal and post-natal mothers.

Place- Valayankulam PHC, Madurai

No. of students participated: 303

Faculty participated: Dr. Sriandaal Dr. Anuja

Date- 11/08/2021 (11.00 am – 12.00 pm)

This programme was organized to create awareness among the antenatal and post-natal mothers regarding importance of exclusive breastfeeding and complementary feeding. This programme was attended by five CRRI. Also there were around 96 students from 3rd year MBBS batch, who were virtually attending this activity through Zoom Platform.

The programme started with a welcome note by Dr. Sriandaal, Assistant Professor-Community Medicine and she explained about exclusive breast feeding. Dr. Archana, CRRI gave a talk on benefits of exclusive breast feeding. Dr. Anuja, CRRI gave a talk regarding 'Do's and Don'ts during complementary feeding'. The programme was concluded with vote of thanks given by Dr. Balakumaran, Post graduate student.

Awareness programme on Breastfeeding

1 message

Dean of Student Services, Lady Doak College <dss@ldc.edu.in> Tue, Aug 10, 2021 at 4:38 PM
To: Lakshmi durga <laks.kld@gmail.com>

Dear Madam,
Greetings from Lady Doak College!!

We had a great privilege of listening to you during the awareness programme on breastfeeding.
Herewith, we have enclosed the acceptance letter to the Dean.

Thank you

Warm Regards,
Dr. J. Chithra
Mrs. E. Joice Rathinam
DSA

Report on
Extension activity
Female Adolescent health
at Dhanapaul Hr. Sec. School, Bibikulam, Madurai -2
on 16th September 2021

An awareness program on **Female Adolescent Health** was organized by the Department of Physiology, Velammal Medical College Hospital and Research Institute, Madurai, Tamilnadu in association with Dhanapaul Higher Secondary School, Bibikulam, Madurai, Tamilnadu on 16.09.21.

The target audience were the 9,10,11 and 12th standard students of Dhanapaul Higher Secondary School, Bibikulam, Madurai, Tamilnadu.

The program began with the welcome address by Mr.A.Thanapaul Jeyaraj Head Master, Dhanapaul Hr. Sec. School Madurai. It was followed by a sensitizing talk on the topic Menstrual health by Dr.K.Rekha, Associate Professor, Department of Physiology, Velammal Medical College, Madurai. Students of the school found the speech very useful and cleared their doubts on the topic after the speech. This was followed by a talk on Adolescent Mental Health by Dr.M.Saravanan, Associate Professor, Department of Physiology, Velammal Medical College, Madurai. After such impressive talks, Ms.A.R.Akhshara First MBBS student spoke on Diet for Adolescent females which was very helpful for the students. Mr.M.Sivachidambaram, Physical Director gave a lively talk and demo on physical fitness activities and projected video of energizing workouts with the help of the students.

Following this, the audience came with questions and the doubts were immediately and appropriately cleared by the resource persons. The program concluded by the Vote of thanks delivered by Dr.K.Rekha, Associate Professor, Department of Physiology, Velammal Medical College Hospital and Research Institute, Madurai. The program was a timely awakener and eye-opener for the audience and of immense help in this pandemic period. The same was appreciated by the Mr. A.Thanapaul Jeyaraj, Head Master, Dhanapaul Hr. Sec. School Madurai. The event was live telecasted to students of first MBBS 2020-21 batch at Velammal Medical College Hospital and Research Institute via Zoom platform and Dr.S.P.Kausikan, Postgraduate, Department of Physiology coordinated the Zoom telecasting to the students.

Awareness on Environmental Hazards for the construction Workers at Plot no 5, 8th Cross street, Thiruvalluvar Nagar, Palanganatham

Madurai -625003, on 30th August 2022

An awareness program on **"Environmental Hazards for the construction Workers"** was organized by the Department of Physiology, Velammal Medical College Hospital and Research Institute, Madurai, Tamilnadu in association with AK builders and Rotary club- Metro Heritage , Madurai, Tamilnadu on 30.08.22. The target audience were the construction workers of AK builders Madurai, Tamilnadu.

The program began with the welcome address by Dr.M.Renu Meena, Senior resident, Department of Physiology, Velammal Medical College, Madurai. It was followed by a acknowledgement talk on the topic air pollution - hazards and protective measures by Dr.S.P.Kausikan, Postgraduate, Department of Physiology, Velammal Medical College, Madurai. The Construction workers were benefited and found the speech very useful and cleared their doubts on the topic after the speech. This was followed by a talk on chemical hazards and protective measures by Mr.S.Kavin, First year MBBS student. After such impressive talks, Mr. J. Jeyasakthi aja, First MBBS student spoke on Heat stress hazards and protective measures which was very helpful for the construction workers. Miss K. Narpavi, First MBBS student spoke about noise hazards and control measures. Later, the Blood pressure measurements was taken for 10 construction workers and blood glucose level was checked for the construction workers by the resource persons.

Following this, the audience came with questions and the doubts were immediately and appropriately cleared by the resource persons. The program concluded by the Vote of thanks delivered by Mr. Rtn. Venkatesh CR, president of rotary club, Metro heritage- Madurai. The program was a timely awakener and eye-opener for the audience. The same was appreciated by the Mr.V.Anandhakarthi, Managing Director, AK Builders, Madurai.

MADURAI - 625009

Title of the program: Visit To Regional Vaccine Store

Date: 15,9,2021, 22.10.2021, 14.12.2021, 11.5.2022 & 14.7.2022

Place: Collectorate Campus, Madurai.

Report: The Department of Community Medicine in collaboration with the Office of the Deputy Director of Health Services, Madurai organized visits to the Regional vaccine store for 2nd year MBBS students. During the academic year of 2021-22, 100 students from the batch of 2019-20 visited the collectorate campus, Madurai in groups of 30 - 40 students from September to December 2021. Another 45 students, from the 2020-21 batch visited in groups of 20 - 30 students, visited between May & July 2022.

The visits helped the students the functions of the Tamil Nadu Medical Services Corporation (TNMSC) which procures, stores, and supplies drugs and other equipment to public health facilities across the state. The Regional Vaccine Store does the function of storing and supply of when it comes to vaccines and the coverage is larger (multiple districts in south Tamil Nadu). It forms an integral part of the cold chain system. Vaccines are transported to the regional Vaccine storage by the modes of a vehicle attached with a freezer. In the Vaccine store, various types of refrigeration such as walk-in coolers, walk-in freezers, ice line refrigerators, vaccine carriers, cold boxes, etc.

Vaccines such as oral polio vaccine and rota vaccine are stored in walk-in freezers where temps are in the range of -20, whereas vaccines such as Pentavalent, DPT, etc, are stored in walk-in coolers Vaccines from the regional storage are transported to various health institutes like hospitals, PHC's etc. via refrigerated vehicles or vaccine carriers.

Title of the Program: Visit To Public Health Laboratory

Date: 23.09.2021, 25.10.2021, 30.12.2021. 4.1.2022, 18.5.2022, 15.6.2022 & 15.7.2022

Place: Excellence Laboratory, S.S Colony, Madurai

Report: The Department of Community Medicine in collaboration with Excellence Laboratory, organized visits to the public health laboratory run by them for 2nd year MBBS students. During the academic year of 2021-22, 97 students from the batch of 2019-20 visited the public health laboratory at S.S Colony in groups of 30 - 40 students from September to December 2021. A group of 46 students from the 2018-19 batch had a visit in January 2022. Another 71 students, from the 2020-21 batch visited in groups of 20 - 30 students, visited between May & July 2022.

The visits included visit to 5 sections: microbiology, wet, trace elements, heavy metals & soil sections. Students were taken to each of these sections and the various instruments used and the process involved were explained in detail. The process of collection of samples from various sources was also explained. The visit helped the students understand the various checks & balances in place to control pollution in its various forms from different sources including industries.

Title of the program: Visit To Places Of Public Health Importance (Water & Sanitation)

The Department of Community Medicine in collaboration with the Corporation of Madurai organized visits to places of public health importance related to Water & Sanitation for 2nd & 3rd year MBBS students. These include the water treatment plant at Manaloor, the Sewage treatment plant at Avaniyapuram, and the Solid waste management area at Vellaikal.

During the academic year of 2021-22, students from 3 different MBBS batches visited in smaller groups between September 2021 to July 2022, and each of these visiting groups was accompanied by a faculty member of the department. The visits introduced the students to processes involved in ensuring clean water and better waste management in the city.

Visit to the water treatment plant at Manaloor involved the collection was water from the Vaigai river floor and purification water through various processes like filtration, aeration, Chlorination etc., before being pumped out for public distribution.

Visit to the Sewage treatment plant at Avaniyapuram, gave the students an opportunity to observe the process by which Sewage that contains harmful material is made harmless before being sent out for irrigation. It involves both primary treatment & secondary treatment followed by chlorination.

During the visit to the solid waste management unit, the students were able to observe the process of sorting the waste into recyclable and non-recyclable waste. The non-recyclable waste is subjected to further processes. It involves filtering through a series of filters with progressively smaller sizes and biodegraded in between. The filtered-out part is sent to a nearby landfill while the biodegraded waste comes out as fertilizer.

Title of the program: Visit To Primary Health Centre & Subcenter

Dates: 23.11.2021, 10.5.2022, 13.6.2022 & 13.7.2022

Place: Valayankulam

Report: The Department of Community Medicine in collaboration with the Deputy Director of Health Services, Madurai organized visits to the Primary health centre & health subcenter for 2nd year MBBS students.

During the academic year of 2021-22, 67 students from the batch of 2018-19 visited the PHC & Subcenter at Valayankulam in November 2021. Another 70 students, from the 2020-21 batch visited in groups of 20 - 30 students, visited between May & July 2022.

The visits introduced the students to the primary health care system. The medical officer in charge of the PHC explained how the PHC works, the infrastructure, the staff available, etc. They have Vaccine storage boxes, an OT for minor procedures, and a Labour room where normal labour is conducted. If there is any complicated pregnancy, they are sent to nearby Tertiary hospitals.

The Subcentre at Valayankulam was visited next. An ANM staffed the Subcentre. The ANM staff goes to different localities and identifies TB cases, pregnant women, etc, and advised them to visit PHC for which they are paid.

Title of the program: Visit to Anganwadi

Dates: 23.11.2021, 10.5.2022, 14.6.2022 & 13.7.2022

Place: Valayankulam & Solankuruni

Report: The department of Community medicine in collaboration with the Project Office, ICDS organized visits to the Anganwadi centre for 2nd year MBBS students.

During the academic year of 2021-22, 67 students from the batch of 2018-19 visited the Anganwadi at Solankuruni in November 2021. Another 70 students, from the 2020-21 batch visited in groups of 20 - 30 students, visited the Anganwadi at Solankuruni & Valayankulam between May & July 2022.

The visits helped the students understand the importance of the Integrated Child Development Scheme (ICDS) and the role that Anganwadi's play in the development of children, particularly in Rural areas and Urban slums. Students were able to interact with the staffs at the centre and the children who attend the Anganwadi. The various services provided at the centre were explained by the Anganwadi staff. Services include supplementary nutrition, Immunization, Health Checkup growth monitoring & non-formal preschool education to children below 6 years of age. In addition, certain services are provided to pregnant women, nursing mothers & teenage girls.

Title of the Program: AAVIN Dairy Visit

Dates: 22.11.2021

Place: AAVIN Dairy, Sathamangalam

Report: The Department of Community Medicine in collaboration with Aavin organized visit to the Dairy Processing Plant for 2nd year MBBS students. During the academic year of 2021-22, 69 students from the batch of 2017-18 students visited the Aavin Dairy at Sathamangalam (Anna Nagar) in November 2021 along with a faculty member of the department.

The visits helped the students understand the series of process that a milk can undergoes from procurement to the final packing of various milk products. Each individual process was explained in detail, particularly the various quality control test that the milk from each container is subjected to. The students were also able observe the process of pasteurization. The importance of hygiene across all processes and the steps taken to ensure this was explained, particularly the automation of the whole series of processes.

Title of the program: Visit to Leprosy Rehabilitation Centre

Date: 28.12.2021

Place: The Leprosy mission hospital, Dayapuram

Report: The Department of Community Medicine in collaboration with the Leprosy mission hospital, Dayapuram organized visits to the Leprosy Rehabilitation Centre at the hospital for 2nd year MBBS students. A total of 64 students from 2018-19 batch visited the center in December 2021.

The main objective of this Centre is to cater care, support, and rehabilitation to the leprosy-affected members of the society. They are rehabilitating the inmates to restore their ability to live and work as normally as possible after a disabling illness. They also help them to achieve the maximum possible physical and psychological fitness and regain the ability to be independent.

Title of the program: Training program at Leprosy hospital

Dates: January to July 2022

Place: The Leprosy Mission (TLM) Hospital Dhayapuram.

Report: The Department of Community Medicine in collaboration with The Leprosy Mission organized training programs for the batch of 2016 -17 students who were doing their internship at that time. The TLM operates a secondary hospital in Manamadurai that is focused on the treatment & rehabilitation of Leprosy patients. The students were divided into groups of 5 -7 and were sent for 10 to 15 days of training. During the academic year of 2021-22 a total of 68 interns in 14 groups attended the training program.

The training allowed the interns to learn about working at a secondary hospital. They had the opportunity to treat Leprosy patients, both old and new, and were able to see many leprosy cases with long-term disability undergoing various forms of rehabilitation. In addition, patients with minor problems & many other skin diseases also attended the outpatient department and thus the training provided exposure to working in different settings and seeing a variety of patients.
