From the,
Editor's Desk

On behalf of Velammal CSE department, we would like to wish all authors, patrons and readers a wonderful and prosperous year ahead.

When a thought that has been enduring in mind becomes true, it is truly an interesting and exciting experience. This new assignment of ours as editors is one such cherished work which we would fulfill to the best of our attributes.

We need the support of all students and the faculty. So sit back and enjoy browsing through the magazine. Happy reading folks!

Vision

To become a **Center of Excellence** in the field of **Computer Science and Engineering** upholding social values

Mission

- Heightening the knowledge of the faculty in recent trends through continuous development programmes.
- Transforming the students into globally competent and technically well-equipped **Computer Professionals** with strong theoretical and practical knowledge.
- Cultivating the spirit of social and ethical values for the cause of development of our Nation.

Do you like to hear about my family history?

Wait, I should tell you our great history.

Our sunrise took place at Velammal Matriculation school in Chennai in 1986.

It was established by Shri.M. V. Muthuramalingam, founder and chairperson of Velammal Educational trust. At first, it was a small garden with 183 beautiful rose saplings maintained by 13 gardeners and governed by Shri.M.V. Muthuramalingam.

As years passed, our strength was increased and many gardeners joined and took the responsibility.

Now, do you understand whom the rose plants and gardeners i refer to?

**Yes, your guess is right. The plants were young aspiring children and the gardeners were the dedicated teachers. From a small school at Muggapair Chennai, the Velammal Educational trust has spread far and wide in the forms of Matriculation schools, CBSE schools, IGCSE schools, Medical and Engineering colleges
Now Velammal Educational Trust holds more than a lakh students and 12000 staff members under its umbrella.**

Now that you heard about my family history, let me tell you mine.

Hi all! I am a self-financing non-minority institution affiliated with Anna University and approved AICTE. I provide 6 UG courses and 5 PG courses.

My vision is to emerge as sustain , as a center of excellence for technical and managerial education upholding social values. I felt proud when i appeared with my first batch of graduated young engineering students in the academic year 2007 – 2008. I am proud and fit enough to say 'the sun never sets in Velammal empire'

I flourish because" Awake, Arise, stop not till the Goal is reached " is the key principle of everyone on my campus.

I feel a pleasure in thanking everyone for being the backbone of my family's success and finally! The students who are the pillars not only for me but also for the nation.

If you are not willing to learn.. then no one can help you..
But if you are determined to learn...

THEN NOBODY CAN STOP YOU..

CHOICE IS YOURS..

Squaring of numbers from 1 to n

We often think that Squaring would be easy if there is any shortcut. Here, I present you a shortcut method to find the square of numbers from 1 to n.

The format is:

If you want to find n^2 , then find $n-50$.

This is because we consider 50 as the base here.

$n-50=k$, then find k^2 .

Add k to 25, $k+25=a$ (as 25 is base/2).

Now combine a/k^2 in such a way that there are only 2 digits on the right side. Now ak^2 is the answer.

For example,

If we want to find 35^2 , then

$$35-50 = -15, (-15)^2 = 225$$

$$-15+25=10$$

Now, $10/225$ is what we get.

As there are 3 digits on the right hand side,

We add 2 to the left hand side.

Now $10+2/25=1225$ is the required answer.

**What is a soul? Is it mortal?
Who am I? where do I belong?
When do I feel fulfilled? have
you ever thought like this?**

I can't be the only one right. Well, there were a lot of fic-tional stories on the internet. some people consider that soul is mortal some believe that soul is immortal and the afterlife is possible. Let's omit the fan theories for now.

The soul is viewed as an immaterial viewpoint inside the body of the human individual. The essential origination of soul in the antiquated civic establishments was life. The Life of the body is viewed as the spirit. Breath, life, and development are connected with the spirit, fascinating right? Most people define the soul as the spiritual part of a human being or animal considered to be immortal though it isn't proven scientifically.

**"Your soul is the essence of
who you truly are, it is timeless
.ageless and eternal."**

Whom does higher-being refer to? "supernatural" or "higher-being" who is responsible for creating the universe and can control reality in some way.

This God is intelligent and can interfere with human affairs if he/she sees fit, and is omnipotent, omniscient, and eternal.

**"Resign your destiny to higher
powers."
-William James**

What does the purpose of life mean? Purpose can guide life decisions, influence behavior, shape goals, offer a sense of direction and create meaning. For some people, the purpose is connected to vocation—meaningful, satisfying work. For others, their purpose lies in their responsibilities to their family or friends. Others seek meaning through spirituality or religious beliefs.

**"The mystery of human existence
lies not in just staying alive, but,
in finding something to live for."**

Purpose can guide life decisions, influence behavior, shape goals, offer a sense of direction and create meaning. So go deep within the innermost being of your soul, where a mere branch becomes a fragment of the self.

**“If You are planning for a year,
sow rice; if you are planning for
a decade, plant trees; if you are
planning for a lifetime, educate
people”**

- Chinese Proverb

**“When you educate one person
you can change a life, when you
educate many you can change
the world”**

- Shai Reshef

IF THE PLAN DOESN'T WORK
CHANGE THE PLAN...NOT THE GOAL

*You Live
Only Once..*
