National Digital Library (NDLI) club

The **National Digital Library of India (NDLI) Club** is an initiative under the Ministry of Education, Government of India, developed by IIT Kharagpur to promote a culture of reading, research, and digital learning among students and faculty. The club provides members with access to millions of digital resources including e-books, journals, articles, lecture videos, and competitive exam materials across various disciplines. Through activities such as quizzes, reading challenges, webinars, and awareness programs, the NDLI Club encourages students to utilize high-quality academic content for learning, research, and exam preparation. Establishing an NDLI Club within an institution helps strengthen digital literacy, support academic growth, and foster a collaborative learning environment at no additional cost.

Name of the incharge with designation: Mr. K. Penyameen, AP-III/IT
