Programming Club

Seminar on "Quantitative Aptitude"

20th November 2023

Summary

A seminar on "Quantitative Aptitude "was organised by our IT department in an online mode under tl Programming Club 20th November 2023 for II Year "B" students. A total of 25 students active participated. Students gained knowledge in some related topics like time, work, and distance, as well boats and streams, and also learned the shortcuts to those topics related to placement training. The overa view of this session was good.

VISION OF THE DEPARTMENT

To become nationally recognized centre of excellence in the field of Information Technology through Teaching, Research, Consultancy and Service.

MISSION OF THE DEPARTMENT

- Producing graduates with high quality, state-of-art knowledge, ethics and social responsibility.
- Promoting excellence in teaching, research, leadership and strong contribution to the society.
- Enhancing the student's knowledge in the recent technology by conducting continuing education programs, organizing and participating in various technical events.
- Promoting the industry-institute collaboration and empowering the students in multidisciplinary and interdisciplinary activities.

Subject: Python Learning Workshop
To:

Dear Placement officers,

Get ready to light up the journey of your students by encouraging them to attend an exclusive Python Learning Workshop.

This program is specially curated for 2025 engineering graduates.

Your students can refer to the below communication sent to them via mailers yesterday for more details.

Requesting you to share the candidate details in the attached format if not shared already for iAspire access.

Sub Line-Python Learning Workshop
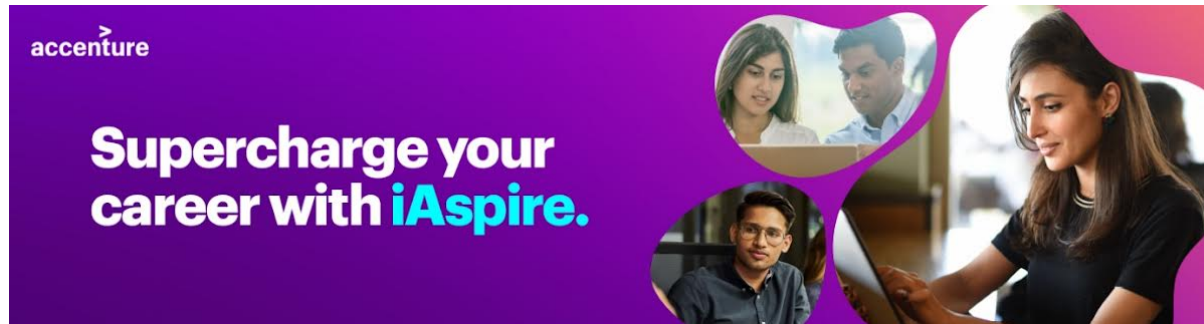

We are sure you are gearing up to grab your dream job at your dream company.

To help you with your preparations, we have a learning workshop specially curated for you.

Here is How,

Join our exclusive live Python Learning Workshop designed for young aspirants like you, to fast track your preparation for the upcoming campus season.

Learn from the best trainers in Accenture who will help prepare you for the coding assessments.

We start on **22 Mar** and have 6 episodes for you to learn all about Python programming, Datatypes, Multithreading and more….

Key Highlights

Well designed and structured program

Live classes from expert trainers with live doubt clearing session through chat

Beginner friendly module enabling students with no prior knowledge on Python to kickstart

Access to course material and recordings after each session in iAspire portal

Start Date: 22 Mar 2024

Time: 17:00 pm to 18:30 Pm

Mode: Online (Link to join the event will be shared in next communication)

How to get started?

Don't forget to register in iAspire for access to all the course material before attending the session and join us live to make the most out of it.

Click here to register **iAspire** and watch out this space for more updates.

Regards,

Recruitment Team
