Department of Community Medicine

Identification of slow and advanced learners

1. Department of Community Medicine regularly evaluate the performance of students in the internal assessment examination
2. The poorly performing students who failed to pass the internal assessment are identified
3. Remedial measures such as assignments are given to the students and while evaluating assignments guidance is given on how to frame the answer to get maximum scores.
4. One to one counselling is done through designated mentor & senior faculties in the department for the students who are in need.
5. Similarly students who excel in internal assessments are identified and they are motivated to participate in conferences and Quiz programmes
